IV.产品简述及型号说明/Product description and Naming System:

1.产品简述/Product description

● 直插式连接技术,无需工具即可直接将刚性导线和带冷压头的导线连接至接线点。
Push-in connection technology was developed for direct conductor connection. Rigid conductors and conductors with ferrules can be directly contacted in the conductor connection point without using any tools.

● 插入力小，省心省力
Convenient plugging with lower insertion force

● 弹簧结构，导线拔出力大
High conductor pull-out forces due to the spring design

● 无需专用工具，即可轻松释放导线
The conductor can be easily released without special tools
